

TOTAL COST OF OWNERSHIP COMPARISON CHART

HOW TO USE THIS CHART

- 1. **Fill in Values:** Enter the information for each model you’re evaluating, based on vendor data and your department’s needs.
- 2. **Compare Directly:** Use the Total TCO row to determine which model offers the best value over its lifecycle.
- 3. **Document Insights:** Highlight strengths and weaknesses to support your purchasing decision.

FACTOR	MODEL A	MODEL B	MODEL C
